## GENERAL PROGRAM

|  |  |
|--|--|
| Musical Prelude                        | WPI Brass Ensemble<br>Douglas G. Weeks, Conductor  |
| Processional                           | Led by the Respective Honorary Marshal<br><i>Full details begin on page 4</i>  |
| Call to Order                          | WPI Trustees   |
| National Anthem                        | WPI Chorus<br>Joshua W. Rohde, Conductor   |
| Welcome from the President             | Laurie A. Leshin   |
| Student Remarks                        | Ceremony A: Susmitha Wunnava<br>Ceremony B: Shivani Kumar<br>Ceremony C: Megan Varney<br>Ceremony D: Marina Como<br>Ceremony E: Meha Mohapatra                         |
| Presentation of Candidates for Degrees | Jean King, Dean of the School of Arts and Sciences<br>Debora Jackson, Dean of the Foisie Business School<br>John McNeill, Dean of the School of Engineering ad interim |
| Conferring of Degrees                  | President Leshin   |
| Remarks from the Alumni Association    | Mark Macaulay '89, '94 MS, President   |
| Recessional                            | WPI Brass Ensemble   |

---

The audience is requested to remain standing until the end of the national anthem.

At the conclusion of the Commencement exercises, the audience is requested to remain standing until the academic procession has left the Quadrangle.

## A FEW NOTES ABOUT TODAY'S CEREMONY

In a practice inaugurated in 2016, WPI is awarding undergraduate and graduate degrees at separate spring Commencement ceremonies. Master and PhD degree ceremonies are Wednesday, May 19; Bachelor degree ceremonies are on Thursday and Friday, May 20-21.

Several longstanding campus traditions infuse the WPI spirit, two of which will be in evidence during today's Commencement ceremony. Crossing Earle Bridge is one of the oldest. To visitors, the bridge is a lovely pathway connecting the east and west sides of campus. For WPI students, the span plays a symbolic role at the start and end of their undergraduate careers. Traditionally, students cross the bridge as an entire class only twice during their four years: at Convocation, when they are welcomed as first-year students, and at Commencement, as they process toward the Quadrangle.

Another tradition involves the WPI seal in the center of the Quad. Throughout their years, students make a point of walking around the seal, for it is said that students who step directly on the landmark won't graduate on time. That this tradition is upheld is most evident during the snowy winter months. After years of avoidance (not to mention hard work and intense studying), each graduate will walk directly over the seal as part of today's ceremony.

**The Senior Class Gift** campaign was led by gift committee chairs Joe Howell and Julia Vanderstreet. The Senior Class raised more than \$20,000 with 32 percent participation from the class. This year's gift will support making our campus a more diverse, inclusive, and equitable community—it proposes a mural that illustrates these values and how they impact our students. It will celebrate the diversity of our campus population and the strength and achievement that diversity brings to our community.

We are grateful for the Susan S. and Windle B. Priem '59 Senior Class Gift Challenge. Win passed away last August, but his legacy will live on forever at WPI.

*Due to COVID, faculty will be lined up around the boynton circle, not the bridge. As the processional begins, members of the faculty, attired in colorful robes and hoods, line both sides of Earle Bridge to pay tribute to the graduates as they cross the bridge for the final time before receiving their diplomas.*

### PROCESSIONAL AND RECESSIONAL—

Graduates wind through the campus, cross Earle Bridge, follow the sidewalk past Alden Memorial, move onto the walkway behind Bartlett Center, turn at the Proud Goat statue (which students may pat for good luck), and proceed up the center aisle.

At the conclusion of the ceremony, the marchers move down the center aisle and proceed as a group toward the Sports and Recreation Center. Guests are asked to not block the progress of the processional or recession. It is especially important to keep the center aisle clear so marchers may make their way to and from their seats.

This year's honorary marshal for the graduate ceremonies is Jagan Srinivasan, Outstanding Scholar and Researcher of the Year 2020, and for the undergraduate ceremonies is Esther Boucher, Teacher of the Year 2021.

President Leshin wears the Presidential Medallion, with the WPI seal cast in silver and the names and years of service of all 16 presidents engraved on small silver plates that form links in the chain. Provost Soboyejo carries the Academic Mace, a 42-inch staff made from fluted cherrywood and topped with a circular silver pedestal on which sits a large silver medal with the WPI seal on each side.

### **PHOTOS AND VIDEOS—**

The pictures taken today will be treasured mementos. The following information should help our guests get the shots they want.

**Photos before the ceremony:** Students may take a photo with their professors before the ceremony during line-up. Faculty members will walk along the line of students for photos.

**Photos during the ceremony:** Guests may not leave their seats during the ceremony, out of respect for the audience, and due to COVID-19 restrictions. This will be strictly enforced.

**PLEASE NOTE:** We know that parents and guests want that perfect picture! WPI will be providing each student two digital photos taken by a professional photographer (GradImages). One photo will be when they receive their diploma from President Leshin, and the second photo will be at Stage Right, where they may remove their mask and pose with their diploma.

For more information about the photo service, you may call Customer Service at 1-800-261-2576, email [giservice@gradimages.net](mailto:giservice@gradimages.net), or check online at [gradimages.com](http://gradimages.com).

WPI videotapes and streams live all the ceremonies from several vantage points. A complete, high-quality video of each ceremony will be available for downloading within two weeks at [wpi.edu/+Commencement](http://wpi.edu/+Commencement).

### **INFO AT YOUR FINGERTIPS—**

One of the best ways to get the information you're looking for about Commencement week is to download the **WPI Mobile App** to your smartphone or tablet. You will find items to help navigate campus and stay informed about Commencement. You may even get a front-row seat to the various ceremonies by watching our live video streams. After Commencement, use the WPI Mobile App to stay connected to all things WPI. The app is available on the iTunes Store and Google Play, or you may download it at [wpi.edu/+mobile](http://wpi.edu/+mobile).

Follow Commencement exercises on Twitter @WPICommencement and Instagram @WPI.  
Share your memories with #wpi2021.

## CHAIRMAN'S PRIZE RECIPIENT

KRISTEN BILLIAR

The Chairman's Exemplary Faculty Prize recognizes WPI faculty members who excel in all relevant areas of faculty performance, including teaching, research and scholarship, and advising. Recipients of the Chairman's Prize are true exemplars of the Institute's highest aspirations and most important qualities.

Professor Kristen Billiar exemplifies these values at the highest level and distinguishes himself by his continuous and unwavering commitment to the institution, its students, and the broader WPI community.

His notable accomplishments:

- Recognized with the Romeo L. Moruzzi Young Faculty Award for Innovation in Undergraduate Education in 2005
- Recognized with the Trustees' Award for Outstanding Advising in 2008
- Served as department head of Biomedical Engineering from 2015 to present
- Leading a world-class research program in tissue mechanics and mechanobiology
- Serving as the Principal Investigator on \$4.5 million worth of research grants and as co-PI on another \$12.5 million of funded research
- Having published over 25 research articles in peer-reviewed journals and another 160 conference proceedings
- Translated his theoretical work into applications with impact in fields including cardiology, bone healing, connective tissue regeneration, drug screening, and medical devices
- Embodies WPI's spirit of innovation through his work as inventor or co-inventor on eight patents or patent applications
- An exemplar of WPI's innovative pedagogy, his students have won awards, published and presented their work, and received patents for work they have completed under his guidance
- Led the training of diversity advocates, served on the Diversity Allies team, and diversified the faculty within the Biomedical Engineering Department

Professor Billiar's demonstration of leadership and commitment to the university sets a powerful example for the rest of our community to follow. Because of him, WPI is better today than yesterday and will be better tomorrow than it is today.

THEREFORE, the 2021 Chairman's Exemplary Faculty Award is awarded to Professor Kristen Billiar.

—Jack Mollen. *Chairman  
WPI Board of Trustees*

## STUDENT SPEAKER INFO

**CEREMONY A:  
SUSMITHA WUNNAVA**

Susmitha Wunnavu, PhD, is a research fellow at Harvard Medical School specializing in AI for healthcare. Her current area of study centers on the development of analytical tools to predict medical device safety and effectiveness. Her passion for

healthcare research developed at WPI, where she focused on innovative machine learning applications for Natural Language Processing (NLP) of healthcare textual reports. Her dissertation identified novel machine learning methods for automatic Adverse Drug Event (ADE) detection from unstructured Electronic Health Records. Her research at WPI won 1st place at the MADE1.0 NLP Challenge for named entity recognition at the American Medical Informatics Association (AMIA) Informatics Summit in 2018, 1st place at the Graduate Research and Innovation Exchange (GRIE) poster competition, and best student paper candidate at the International Conference on Health Informatics (HEALTHINF). Susmitha holds a master's degree in predictive analytics from Northwestern University and a bachelor's degree in mathematics—with a gold medal for highest GPA—from Osmania University, Hyderabad, India.

**CEREMONY B:  
SHIVANI KUMAR**

Shivani Kumar is a passionate, driven, and intentional transportation systems engineer at IBI Group in Boston. She earned her BS at Wentworth Institute of Technology in 2018 and is graduating from WPI with her MS in Civil Engineering. Her

three-year professional career includes experience in highway, structural, and transportation engineering roles. She is also a Transit + Outreach Volunteer for LivableStreets Alliance, a Metro Boston-based advocacy group that envisions a world where streets are safe, vibrant public spaces that connect people to the places where they live, work, and play. Shivani's career goal is to advance transportation equity and justice to increase access and opportunities for all communities. She currently serves as a co-chair for WTS-Boston's Diversity Committee, where she supports meaningful events, programming, and initiatives to solidify her commitment to genuine diversity, equity, and inclusion efforts in her workplace, in industry, and in the greater community.

## STUDENT SPEAKER INFO

**CEREMONY C:  
MEGAN VARNEY**

Megan Varney is graduating with her BS and MS in physics. During her time at WPI, she worked as a Resident Advisor and as a Peer Learning Assistant for the Department of Physics. She played club water polo and was a sister of Chi Omega,

She was a member of the Society for Industrial and Applied Mathematics, Order of Omega, and Sigma Pi Sigma, and served on the Undergraduate Advisory Council for the School of Arts & Sciences. Megan was highly involved in scientific research and worked with Professor Kun-Ta Wu for three years on projects in soft matter; during that time she was a co-author on two peer-reviewed journal articles, she completed her Major Qualifying Project, her master's thesis, and projects through the Summer Training in Arts & Sciences Research (STAR) program as a Clare Boothe Luce Research Fellow. She will be pursuing her doctoral degree in physics at New York University.

**CEREMONY D:  
MARINA COMO**

Marina Como's diverse experiences at WPI prepared her well for a career in life sciences and readied her to leverage her enthusiasm for chemical engineering. Her professors and peers know her as a student with a dedicated focus on achievement and

a creative outlook on identifying and solving complicated issues. She is involved in several organizations across campus, including AIChE, ISPE, and the Senior Programming Committee. She works for the Department of Marketing Communications and the Center for Project-Based Learning—and as a teaching assistant for WPI's chemistry labs. She has been named to the Dean's List every semester, and because of her academic accomplishments she was invited to join Tau Beta Pi (engineering honor society) and Omega Chi Epsilon (chemical engineering honor society). After graduation, Marina will join Bristol Myers Squibb as part of its rotational programs. She is excited for the new adventures to come.

**CEREMONY E:  
MEHA MOHAPATRA**

Meha Chopra Mohapatra is from Houston, Texas; she has completed her B.S. in Robotics Engineering with a minor in Mechanical Engineering. During her time at WPI, she worked as president of ENACTUS to grow the organization, as a student assistant,

she created a platform within South Asian Students Association for Indian Classical dancers to continue the artform, and was a sister of Alpha Xi Delta. She was a student assistant for the 3000 level robotics courses and a prototyping lab assistant at the Foisie Prototyping Lab. As her undergrad years are coming to a close, she plans to continue her education in Robotics at WPI as an M.S. student to expand her skills to fight climate change and reform primary and secondary education.

*Mechanical Engineering*

## GRADUATE HONORS AND AWARDS

### GRADUATE RESEARCH INNOVATION EXCHANGE

#### FIRST PLACE AWARD

##### **Mathematical, Chemical, and Physical Sciences**

Lyric Liu, *Statistics*

“Bayesian Inference for Big Data: Combining Probability Sample and Non-probability”

Advisor: Balgobin Nandram

##### **Data Science, Cybersecurity, and Computer Science**

Anand Ramakrishnan, *Computer Science*

“Harnessing Emotions to Improve Face Recognition”

Advisor: Jacob Whitehill

Walter Gerych, *Data Science*

“Maximizing Subset Accuracy with Incomplete Labels”

Advisor: Elke Rundensteiner

##### **Chemical Engineering and Material Sciences**

Christian Faria, *Materials Science & Engineering*

“High-Efficiency High Power Density Direct Carbon Fuel Cell”

Advisor: Adam Powell

##### **Business and Social Science**

Avery Harrison Closser, *Learning Sciences & Technologies*

“Monkey See or Monkey Do? The Effects of Worked Example Presentations on Student Learning”

Advisor: Erin Ottmar

##### **Life Sciences and Bioengineering**

Edward Jarvis, *Physics*

“Confinement-induced flow patterns in microtubule-based active fluids”

Advisor: Scarlet Shell

##### **Robotics, Cyberphysical Systems, Electrical and Computer Engineering**

Paulo Carvalho, *Robotics Engineering*

“Towards MRI Compatible Electrical Actuation for Surgical Devices”

Advisor: Kun-Ta Wu

##### **Aerospace Engineering, Manufacturing Engineering, Mechanical Engineering, Civil and Environmental Engineering, and Fire-Protection Engineering**

Zahra Noori, *Mechanical Engineering*

“Study of the Effect of Ultrasound Mechanism on Paper Drying”

Advisor: Jamal Yagoobi

##### **Data Science GQP**

Lyzanne D'Souza, Somesh R Patel, Aishwarya

Ramakrishnan, Akshay Sadanandan, *Data Science*

“Interpretability of Time Series Models”

Advisors: Chun-Kit Ngan and Fatemeh Emdad

## UNDERGRADUATE HONORS AND AWARDS

### SALISBURY PRIZE

Matthew J. Adiletta, *Electrical & Computer Engineering and Computer Science*

Jacob Ciolfi, *Electrical & Computer Engineering*

Brooke Emma Dawson, *Mechanical Engineering*

Rebecca Claire Debski, *Aerospace Engineering*

Enzo Giglio de Azevedo, *Electrical & Computer Engineering and Industrial Engineering*

Sarah Renee Huber, *Biology & Biotechnology*

Katherine Hudek, *Electrical & Computer Engineering and Physics*

Matthew Robert Hayes Iaconis, *Management Information Systems*

Lauren Amelia Kaija, *Environmental Engineering and International & Global Studies*

Nicholas Jacob Krichevsky, *Computer Science*

Kyle Robert Lang, *Mechanical Engineering*

Olivia Linda Lattanzi, *Mechanical Engineering and Humanities & Arts*

Sabrina Tzen-Anh Liu, *Robotics Engineering*

Emma E. Lowry, *Interactive Media & Game Development*

Jake Andrew Marko, *Biomedical Engineering*

Jocelyn L. Mendes, *Chemistry*

Sydney E. Messey, *Aerospace Engineering*

Kalani Maria Picho, *Robotics Engineering and Mechanical Engineering*

Coulter Q. Ralston, *Biomedical Engineering*

Matthew P. Rando, *Chemical Engineering*

Andrew L. Ressler II, *Bioinformatics & Computational Biology and Computer Science*

Danielle B. Rubin, *Actuarial Mathematics*

Hannah Kathryn Schulz, *Civil Engineering and Environmental & Sustainability Studies*

Connor J. Skinner, *Biochemistry*

Kamryn P. Spinelli, *Mathematical Sciences*

Allison Ella Steeves, *Professional Writing and Interactive Media & Game Development*

Samantha Lynn Wile, *Architectural Engineering*

*This award is made to the most meritorious seniors at the university. It was established by Stephen Salisbury II, a WPI founder and the first president of the Board of Trustees.*

### TWO TOWERS PRIZE

Mark Bray, *Biomedical Engineering*  
(AWARDED 2020)

*In keeping with the original purposes of the founders of WPI, the Two Towers Prize is awarded to students who, through general academic competence, campus leadership, regular course work, and special work in research and projects, best exemplify a combined proficiency in the theoretical and practical union that is at the heart of the WPI educational tradition. This prize was established by Mildred M. Tymeson Petrie, author of TWO Towers, WPI's centennial history, published in 1965.*

### PROVOST MQP AWARD

#### Aerospace Engineering

Sophia Balkind, Matthew Barrett, Matthew Karns, Brendan Marion, Mark Payne, David Robie, Adam Sochacki, Krystina Waters: "Design, Analysis, and Test of a High-Powered Model Rocket-1"  
Advisors: John Blandino

#### Architectural Engineering

Gelila D. Hailemariam, Tina Ly, Tam T. Tuong: "Immersive Space: Using Kinetic Architecture Design to Regulate Human Emotional States"  
Advisors: Leonard Albano, Soroush Farzin

#### Biochemistry

Caroline Johnson: "Structure/Function Studies of EGFR Family and Kék1"  
Advisors: Arne Gericke, Joseph Duffy

#### Bioinformatics & Computational Biology

Jessica M. Kelly: "Investigating the relationship between mRNA degradation rates and secondary structure in mycobacteria"  
Advisors: Scarlet Shell

#### Biology & Biotechnology

Manon C. Miller: "Characterizing the Importance of the CO1 SLiM in Regulating Kék5's Activity"  
Advisors: J.B. Duffy, Arne Gericke

#### Biomedical Engineering

Elizabeth Butler: "The Research and Development of an Equine Endotracheal Y-Piece Positive End-Expiratory Pressure (EETYPEEP) Valve"  
Advisors: Raymond Page

### **Chemical Engineering**

Kweku Sam Colecraft: "MOF-5 Cap and Guest Interplay"  
*Advisors: Ronald Grimm, Steven Kmiotek*

### **Chemistry**

Jocelyn Mendes: "Interfacial States, Energetics, and Passivation of Large-Grain and Thin-Film Antifluorite Cesium Titanium Bromide"  
*Advisors: Ronald Grimm*

### **Civil Engineering**

Sarah E. Kwatinetz, Maggie A. Ostwald, Lily C. Spicer: "Northern Strand Community Trail On-Road Extension"  
*Advisors: Leonard Albano, Suzanne LePage*

### **Data Science**

Connor Bruneau, Hunter Caouette, Rimsha Kayastha, Veronica Melican, Miranda Hernandez-Reisch: "Machine Learning for Mental Health Screening"  
*Advisors: Elke Rundensteiner*

### **Electrical And Computer Engineering**

James Dooney, Stephen Nerkowski, Noah Roberts: "Assistive Bass Guitar"  
*Advisors: Stephen Bitar, John Sullivan*

### **Environmental And Sustainability Studies**

Kristophe Zephyrin: "Guyana Research Park Development Project"  
*Advisors: Elisabeth Stoddard, Suzanne LePage*

### **Environmental Engineering**

Emma E. Burleson, Annemarie N. Eastwood, Lauren O. Mitchell, Molly W. Youngs: "Acid Leachate Active Treatment Pilot System for Cooledge Brook, MA"  
*Advisors: John Bergendahl, Carrick Eggleston*

### **Humanities & Arts**

Olivia Lattanzi: "Putting the "Other" Center Stage: Examining Modern Language and Nuances of Representation within Theatre"  
*Advisors: Despoina Giapoudzi*

### **Industrial Engineering**

Jacob Borges, Jihan Nabahani, John Tanny: "Predictive Analytics at Connecticut Children's Center"  
*Advisors: Sharon Johnson*

### **Interactive Media And Game Development**

Christian Adler, Raymond Dolan, Elizabeth Kirschner, Henry Stadolnik: "Magnet Suit Game/Factory Reset"  
*Advisors: Gillian Smith, Ralph Sutter*

### **Management Information Science**

Jonathan Coelho, Sadie Dominguez, Alexandria Nogueras, Megan Seely: "Evaluating Chatbot User Experience"  
*Advisors: Soussan Djamasbi*

### **Mathematical Sciences**

Kevin Stern: "Equivalent Resistances of Polytope Networks"  
*Advisors: Brigitte Servatius, Padmanabhan Aravind*

### **Mechanical Engineering**

Brooke Dawson, Hannah Gallagher, Amelia Harvey, Lilly Nardelli, Aram Soultanian: "Redsigned Shark Tagging"  
*Advisors: Sarah Wodin-Schwartz, Brian Savilonis*

### **Physics**

Catherine M. Hogan: "Computational Characterization of a Millimeter-Wave Heat Exchanger with AlN:Mo Cylindrical Susceptors"  
*Advisors: Vadim Yakovlev, Alex Zozulya*

### **Professional Writing**

Nasim Mansuri: "Best Practices for Adapting Manufacturing Documentation"  
*Advisors: Kevin Lewis*

### **Psychological Science**

Luigi Apollon, Kathryn Nippert, Emily Stead: "Selegiline: The Effects of Monoamine Oxidase Inhibitors on the Behavior and Physiology of *Caenorhabditis Elegans*"  
*Advisors: Angela Rodriguez, Carissa Olsen, Jagan Srinivasan*

### **Robotics Engineering**

Mia Buccowich, Andrew Strauss: "Partial Hand Prosthetic"  
*Advisors: Marko Popovic*

### **Society, Technology, & Policy**

Yvonne Niebuhr: "Improving Oral Contraceptives: Encouraging Research into Oral Contraceptives and Their Side Effects"  
*Advisors: Crystal Brown*
