Fill your classroom library with leveled books that your students will love.

Help your students become successful readers by matching them with the right books. Use the table to the right as a reference to see how reading levels correlate to each other and to grade levels. These suggested book levels serve as a guide and can be altered according to the needs of each student.

Inside this brochure you will find more than 1,600 titles from *Guided Reading: Good First Teaching for All Children* by Irene C. Fountas and Gay Su Pinnell.

We have also identified titles that support curriculum standards.

This time-saving resource has a diverse listing of titles ideal for:

- Building your classroom library with titles to motivate even the most reluctant reader.
- Identifying content area titles at the reading levels of your students.
- Supplementing your guided reading program.

For information on Scholastic's Guided Reading Program, developed by Dr. Gay Su Pinnell, please call **1-800-SCHOLASTIC**, option #3.
